Aiman Malib

Founder, Sasa Teguh · AI trainer · systems builder

I teach businesses to use AI, and I build the systems myself.

hello@sasateguh.com · aimanmalib.com · sasateguh.com

Summary

Founder of Sasa Teguh, a studio in Malaysia that builds websites, booking systems, POS and AI automation. I build and run my own products, and I teach businesses to use AI in everyday work. Every example in my workshops comes from a system that is running now.

In numbers

- 20+ schools use my co-curriculum system
- 105+ people in one Excel workshop I taught
- Gold at IPITEx for AI Math Solver

Selected work

e-Pengurusan Sekolah · 20+ schools.
Teachers file OPR and PAJSK reports from their phones.
osis.my

Sistem Tempahan · 10+ schools.
Rooms and halls are booked with Telegram notifications.
sistemtempahan.my

Tun Wan Solar · Site, calculator, ERP.
An AI video studio for a solar shop.
